

## THERE IS NOTHING

"New under the sun," said one lady to another, and the other replied: "There is something new under my son when he stands up and another when he stands on his head. When he stands on his head, it's a new hat; when he stands up, it's a new shoe; and when he sits down, it's a new pants from the Lima Clothing Co., so don't tell me there's nothing new under the son, for I know different." There are different sons and different sons. We are not particularly well posted on sons, but on sons we could preach for a month and have enough left to tell about for a few days longer—but we won't do it. No two boys wear clothes just alike. Give two boys each a

**NEW**  
Suits on the same day of the year—the suits exactly alike—and when one boy's suit looks as old as a free silver bill, the other boy's suit looks just fit for Sunday school. That's the difference in boys. Nothing that we sell do we take more pains in buying, than we do in buying for boys. We know what they are. We know that there is no cloth made that's tough enough or strong enough, to wear any too well when a boy gets it. Every garment that we have in our Boys' Suits stock is made on the wear plan. No matter how low the price or how high the quality, the first thing we consider in buying is how well the goods wear, and then how well they are made. Our selection in boys' suits this spring is the best that we ever made; we show a larger variety of styles, we furnish a much better wearing garment than we ever did, and you know that our prices are the lowest—always.

## NEW ORLEANS QUIET

The Normal Condition of Affairs About Restored.

### TROOPS STILL ON THE SCENE

They Protect the Screwmen While They Complete Their Day's Work. Most of Whom Are Colored. The White Men Watch the Work, but Remain Silent. Negotiations For a Settlement.

NEW ORLEANS, March 15.—The stormy scenes along the river front of New Orleans have been succeeded by a calm and something approaching the normal condition of affairs restored. Work was resumed on the wharves yesterday, at least partially, but it was only the colored screwmen who took up their tools, and the only under protection of an armed guard. Where there were no troops there was no work. The white screwmen held aloof, preserved a sullen, threatening silence, but none made a move which would cause the militia to use force to suppress it. Though still strained, the situation is much improved. Governor Foster is still in the city and has announced his determination to remain here until the trouble is finally settled. Negotiations are in progress which may produce this happy result, but their outcome can not be predicted at present. Meanwhile, the state authorities are taking no chances. The troops who have been on duty all day are sleeping off their fatigue and are under orders to report for duty today when work on the shipping will be resumed.

By 6 o'clock in the morning all were astir in the armories, where troops have been quartered for the last few days. Marching orders were received from headquarters at 11 a. m., and the militia, divided into three sections, were marched to the levee and took up positions at the Hureston line wharf at Third street and Sixth street.

The entire force number something over 600 men, commanded by Brigadier General Barland, under the supervision of Major General John T. Ryan, Jr. The men were in full service uniform with cartridge belts filled with ugly-looking missiles. At the point, where the greatest danger was apprehended, Hotchkiss and Gatling guns were unlimbered in such position that they could be quickly trained up or down the wharves on advancing mobs.

The headquarters of the screwmen at the apex of the French market triangle in the upper stories of which were stored quantities of arms and ammunition was surrounded by the Washington battalion artillery, whose howitzers at the first hostile movement. Standing along the river front at intervals were picket lines of police, mounted and dismounted, who were under orders to co-operate with the troops and who seemed to be in hearty sympathy with them. Occasionally crowds gathered at one point or another and the police were called on to disperse them, which they did without trouble.

Not a shot was fired at any point, nor was there any violence. The negro

screwmen went to work without hesitation when the troops were stationed. They also started to work at Southport during the morning, but as neither militia nor police were on duty there, they soon withdrew and ordered to report again at 8 o'clock today. The conference of delegates of mercantile bodies resumed its session yesterday but took no action, having practically decided to leave the settlement of the trouble in the governor's hands.

### STARTLING DECISION.

Every Jury Verdict in Chicago For Years Pronounced Illegal.

CHICAGO, March 15.—Judge Baker, in his court yesterday afternoon, discharged his last panel of 20 jurors after rendering a decision that the system in vogue of drawing citizens for jury service in Cook county was illegal, and that every jury serving in the courts was doing so on an unlawful basis. The decision puts the stamp of illegality on all the juries which have tried cases for years, and consequently the judgments of such juries are illegal. In the case before Judge Baker the lawyer for the defendant, Harry Hayward, who was arrested on the charge of perjury, challenged the veniremen on the ground that they were illegally drawn, and asked for an investigation. The court soon learned from county employees that the law had been disregarded.

### Set Free Hayward's Witnesses.

MINNEAPOLIS, March 15.—George Sprinell and Maggie Wichter, the witnesses for Harry Hayward who was arrested on the charge of perjury, have been liberated, because the grand jury has decided not to indict them. It was believed that conviction was impossible on the evidence submitted.

### Four Burned.

SHARON, Pa., March 15.—By the sudden bursting out of flames in an iron furnace at the Sharon iron works Wednesday afternoon at 4 o'clock five employees were badly burned. Their names are: Jacob Struss, Arthur Bailey, Emanuel Braut, George Storm and Thomas Boyd. Other workmen were more or less seriously burned.

### Last Will Law Repealed.

HARTFORD, March 15.—The senate has repealed the last of the blue laws. It was a statute which provided that a justice of the peace might convict a person on his personal knowledge without corroborative testimony of the offenses of Sabbath breaking, swearing, blasphemy and drunkenness.

### JAPS GET ALL.

Li Hong Chang Instructed to Consent to the Payment of Indemnity.

PANAMA, March 15.—A dispatch from Shanghai says it is reported that Li Hong Chang, the Chinese peace envoy, has been instructed to consent to the payment of an indemnity and the cession of the territory already occupied by the Japanese in addition to the island of Formosa.

He is also instructed to consent to the surrender of the remainder of the vessels belonging to the Chinese southern squadron, which is now hiding at Nankin.

### TRYING TO STEAL ADA REHAN.

Not a Bad Advertisement This, at Any Rate.

KANSAS CITY, March 15.—What was doubtless an attempt to steal the \$25,000 gold base of the famous Montana silver statue exhibited at the world's fair was frustrated here Wednesday night.

The statue is on exhibition in the dry goods store of a local firm and has attracted thousands of sightseers. It rests in plain sight of the street and is seen by all who pass. The statue was hidden in the store when it closed, got so far as to wrench an iron bar off the door near where the statue stood and were opening both doors when discovered.

The men fled and were chased for several blocks and, though fired at half a dozen times, escaped. They left tools and a lantern which would have been necessary to remove the statue, showing their intentions; and tracks in the alley nearby where another door had been opened indicated they had been attempting to enter the store.

### BANK BUILDING FALLS.

One Man Killed and Three Others Seriously Injured.

PITTSBURGH, March 15.—While engaged in tearing down the old Merchants and Mechanics' bank building yesterday, one man lost his life and three others were injured. The center wall on the second floor was tottering, and the men were endeavoring to remove it when it fell, crushing Patrick Killen's skull, killing him instantly, dislocating Michael Scanlon's hip and breaking Patrick Malloy's leg. The other man was taken away by friends before his name could be learned.

### A Stranger's Sister Inmate.

DENVER, March 15.—Mrs. Funchest, sister of Richard Demary, who is charged with the murder of his mistress, Lena Tapper (the first of the Market street strangling cases), has become violently crazy. Some believe that her mind has become unbalanced by the weight of terrible secrets known to her, regarding the Market street murders.

### A Jilted Lover's Crime.

SHELBYVILLE, Ind., March 15.—Last night Miss Lillie Downs was accosted on the street by Elmer Israel, a jilted admirer. He became violent, and she, in her language, ending up with knocking the young lady down several times. Her screams aroused the neighborhood, and she was carried home, where she remains unconscious and in a peculiar condition. Israel has eluded arrest.

### They Are Secret.

MECHANICSBURG, O., March 15.—The women of this city will place a woman's ticket in the field at the coming school election. Their meetings were secret, and they do not tell the names of their candidates.

## REPORTED IN ROME.

The Federal Government Telegraphed For Information.

### THE KILLING OF SIX CONFIRMED.

The Consul in Colorado Instructed to Investigate the Matter—He Refuses to Disclose His Instructions—The Governor Prepares Troops to Protect the Italians. Have Faith in Our Government.

ROME, March 15.—It is semi-officially announced that a dispatch from Washington has been received by the government saying that on receipt yesterday of the reports of the killing of several Italians in Colorado, the Italian ambassador addressed a note to the federal government on the matter, and also telegraphed the Italian consul at Denver for information.

The federal government, in response to the inquiry of the ambassador, said that it was not in possession of the facts in regard to the murders, but the consul telegraphed to the ambassador confirming a report that six Italians in the neighborhood of Leadville, Colo., were killed in the murder of a saloonkeeper. It was unknown whether the murdered Italians were naturalized Americans, the ambassador charged the consul to inquire into the matter of the citizenship. Meanwhile the governor of Colorado telegraphed to the ambassador that he had sent troops to protect the Italians near the scene of the trouble.

### STILL HAVE FEAR.

The Italian Telegraph Their Consul For Assistance.

DENVER, March 15.—Dr. Cuneo, Italian consul, started for Walsenburg last night in compliance with instructions from Baron Fava, Italian ambassador. Dr. Cuneo has received the following telegram:

WALSBURG, Colo., March 15.

Italian Consul, Denver.

The Italians of this country anxiously desire to help you. Come to those unfortunate. Five men killed.

A. BERTOLANO.

The following answer was sent at noon yesterday:

A. Bertolano, Walsenburg, Colo.

Thanks for information. Governor guaranteed me protection. You will have in him a faithful ally. I am ready to come to the necessary telegram me at least sign of danger. Troops are prepared to come in case of emergency.

CRVEN.

Dr. Cuneo made the following statement under instructions from my government and will fulfill them, but will not express my opinion until I am authorized, and especially at this moment when the United States government is friendly toward our government.

### IRON BUSINESS.

Encouraging Activity Shown in Pig Iron Centers.

CLEVELAND, March 15.—The Iron Trade Review this week says: Putting together the reports from various pig iron selling centers, there has been an encouraging activity in that metal in the past 10 years. Bessemer pig has seen a lull, but in foundry and mill grades there has been an increasing sale. Southern furnaces have had a good share of the going business, but without any improvement in prices. In eastern Pennsylvania and in the New York market larger sales of Alabama iron have been attended with further activity. Detroit has had larger purchases of pig iron in the week than for many weeks preceding.

There is a better feeling as the result of the reduced prices. Some orders having given business to a variety of industries that are not directly affected by rail purchases. Western lines have contributed more of late to the volume of rail business, particularly in cars, but it is well understood that some curriers in that section, particularly the corn roads, must have a good crop to hand before they can begin to help to the iron market. Reports from the foundries are somewhat conflicting. Some sellers of pig iron find their foundry trade still disposed to follow the market closely.

### EQUINAL SMALLPOX.

New Horse Disease, Easily Contracted by People, Raging in Halifax.

HALIFAX, March 15.—An alarming epidemic is raging among horses in this city and the disease is easily contracted by human beings, who come in contact with the infected animals. Veterinarians pronounce the affection equinal smallpox and many of the most valuable horses in Halifax are victims. The government veterinary surgeon has the disease in his right hand. Another man more seriously affected will have to have his arm amputated to prevent the disease from spreading. The disease is atmospheric and any animal is liable to contract it.

### Chicago's Week-End.

St. Joseph, Mich., March 15.—Some wreckage from the ill-fated steamer Chicago is being washed up on the ice at this port. The chair which was in the engine room has been found, together with some timbers from the same part of the boat.

### Buried in a Sewer.

BROOKLYN, March 15.—Patrick Gillen and James Bold were buried in a sewer cave-in on Second avenue today. Both men are dead. The sewer was 20 feet deep.

### Big Divorce Doct.

HURON, W. Va., March 15.—The circuit court of this county will convene next Monday. The docket is a large one, and includes 48 divorce cases.

### To Be Used For Arms.

THE HAGUE, March 15.—The states general has passed a credit of 10,000,000 guilders, the money to be used in equipping the army with Mauser rifles.

## MINERS' STRIKE.

Two-Thirds of Them Now at Work—Railroad Operators Firm.

PITTSBURGH, March 15.—The strike of the miners of the Pittsburgh district is but one week old and there are nearly two-thirds of the miners of the district at work at the usual rates—60 cents per ton. The strikers consider the fight practically won, but they may yet bump up against some adverse circumstances in the persons of obstinate railroad operators. The river operators have conceded the demands of the miners and there has been a general resumption of work on all the river mines. All the river craft are being loaded, and as long as this rush continues there will be work, not only for the full number of river miners, but also for a large number of extra men from the railroad mines. On the other hand the operators refuse to pay more than 55 cents per ton, and the majority of their mines are idle. They claim that they are compelled to refuse orders because they can not fill them at the price quoted by competitors and pay the price demanded by the union.

### Our Fashions Abroad.

WASHINGTON, March 15.—Evidently in the expectation that his statement that American clothes were being sold in England below the prices of corresponding English clothes, would be spreading English clothes, United States Consul Meeker, at Bradford, has sent a supplementary report to the department of state giving particulars of the transactions with names of the firms, prices, etc. He states that one large Bradford house has sent its traveling men and agents to India, South America and France with samples of twist Melange flannel, made in New York. They expect to take liberal orders at 25 to 30 cents.

### Ex-Feloners of War.

FORT RICOVER, O., March 15.—J. P. Dearworth of this place was interred Thursday at Green Mount cemetery. He was a veteran for four years and three months, seven months of which was spent in Andersonville prison. He belonged to the Fortieth O. V. I.

### Women to Vote in California.

SACRAMENTO, March 15.—The state senate yesterday adopted a constitutional amendment giving women the right to vote. The amendment has already been adopted by the assembly and will now be submitted to the voters of the state.

### Save your money by buying your shoes of O'Brien, 138 N. Main.

"Gillhooley's Troubles" to-night.

## WILL FOLTZ'S COAT.

The Thief Who Stole It Is Sentenced to a Year's Imprisonment.

WILL FOLTZ returned last night from Plymouth, Ind., where he appeared against the prisoner whom the F. T. W. & C. detective arrested for stealing his overcoat from a passenger train while he and Charley DeVoe were enroute to Chicago.

The prisoner was found guilty and was sentenced to year in the penitentiary and \$25 fine and costs.

A motion for a new trial was made by the defense and Will returned home wearing his last winter's overcoat, the new coat being held as evidence until the court rules upon the motion.

For a perfect fit in shoes go to O'Brien's, 138 N. Main.

## TREAT'S

Greatest bargain sale is now going on. Good wide brown mvelin, only 3c per yard.

## AMONG THE RAILROADS.

C. H. & D. parlor car C's to the shops for repairs.

Passenger Agent Kimball, of the P. T. W. & C., was in the city today.

Engineer S. S. Kelker, of the P. T. W. & C., is laying off on account of illness.

C. H. & D. engine 254 is out of the shops after being rebuilt. Engineer (Gill) Woerner will get her.

Dining car No. 101 has been turned out of the C. H. & D. shops after receiving repairs and being repainted.

J. E. Jeffries, of the L. E. & W., has been promoted to the extra conductor force and will not work as brakeman any more.

Brakeman Dennis Griffin, of the L. E. & W., was called to his home in Fremont yesterday on account of the dangerous illness of his wife.

J. Cory Winans, the district passenger agent of the C. H. & D. rail road, is in the city today looking after the interests of his road.

The Pennsylvania makes the announcement that the company has no intention of abolishing the special order for half-rate tickets for clergymen.

Day Operator S. E. Willis, of S. J. tower, at the C. & E. and O. S. junction is laying off. Night Operator C. T. Eads is working the day trick and L. S. Kline, of Huntington, is working nights.

Brakeman Ora Stittsworth, of the L. E. & W., is laying off and brakeman

Highest of all in Leavening Power.—V. G. Co's Report, Aug. 17, 1894.

man John Morrow is in his place on one of the west locals. It is rumored that Mr. Stittsworth will be married before he resumes his duties.

A large number of car builders who were formerly employed at the Ohio Falls, the Terra Haute and the Indianapolis car works, have, during the depressed times, gone south and found work in new car works and railroad shops which have been erected in the last two years.

The Wabash has for some time had in contemplation the establishment of a passenger office at Buffalo, and it

is understood that by the close of the month, or the early part of the next month, an office will be in operation there. This may lead to some changes among the eastern officials of the Wabash.

"Gillhooley's Troubles" to-night.

## BADLY FRIGHTENED.

Delphos Board of Health in a Flurry of Excitement.

They Get Out a Circular Warning People to Stay Away from Lima.

The Delphos Board of Health is nothing if not enterprising and with a little small pox scare within not less than fourteen miles of their town they have worked themselves up to the belief that the disease was at their doors, and that Lima would have an epidemic.

A meeting of the Board was called and a notice drawn up and signed by the Board. Several hundred copies of the notice were printed and circulated about the town and a great deal of unnecessary excitement occasioned thereby.

The notice started off in this manner: "To the Citizens of Delphos:—It is now an established fact that the dreadful scourge, smallpox, is at our very doors, and that there is everything going to show that our neighboring city, Lima, will necessarily pass through an epidemic siege."

The Board then went on to say that every precaution against the introduction of the disease into their town should be taken. That is all right, and the Board then stated that arrangements had been made to vaccinate those who could not afford it. That is all right and proper also. The Board also suggested that all decaying animal and vegetable matter about the town be removed. That is also all right for no one knows better than the Delphos board of health, that their town needed a cleaning up. The Board then urged that the citizens use great care as to their personal cleanliness. Now this is the best suggestion and the most sensible on the board made. It is an open secret that this advice of the board is very timely, but how are the residents of that village to follow it when their only bathing place, the canal, is frozen up? The Delphos Board of Health should have postponed this part of their manifesto until spring.

The climax of the brilliant effort of the board concludes as follows: "No one should go to Lima except in case where it is absolutely necessary." The above not only is unjust to Lima but to residents of Delphos who have business here, and was the means of creating unnecessary alarm and anxiety among the people of the town where the circular was circulated. The board should not have acted with so much haste. At no time was there more than one case of small pox in Lima. There was no threatened epidemic in Lima at any time and there is now no danger from any source whatever. People of Delphos as well as the residents of all other towns and the surrounding country can come to Lima with perfect safety.

## DIDN'T GET MUCH.

The Ohio Southern Ticket Office Burglarized Last Night.

Last night the room occupied by the Ohio Southern office and the Acme news stand, in the Collins block, northwest corner of the public square, was burglarized by some one who gained an entrance to the basement by breaking out a window glass and then entered the business room through a trap door. The door had been fastened down with a nail, which was broken and shoved to one side.

Nothing was missed except about \$1 in change which had been left in the money drawer.

## WILL MEET TOGETHER.

To Look After the Candidates for Board of Education.

The Democratic City Committee held a meeting at the Recorder's office last night and discussed the problem of the school board ticket, concerning which a complication has arisen over the ruling of the Board of Supervisors that the name of the candidate of one party cannot be placed on the ticket of another party. It was the judgment of the committee that it would be expedient to meet with the Republican committee this evening, when opinions will be delivered by Prosecuting Attorney Biddens and City Solicitor Adgate. Upon that section of the law which governs the case. The committee at the meeting agreed to place the name of Joe. P. Brotherton on the ticket for councilman from the third ward, in place of G. M. McCullough, who declined to run.

## Engine Disabled.

No. 36, the P. & W. C. accommodation, was laid out at Anguize this morning by the bursting of a steam pipe on the engine. The east bound local engine took the train on to Creston and the local crew played checkers until about 2 o'clock this afternoon, when an engine arrived from Fort Wayne to take the train through.—Delphos Herald.

**TREAT'S** Greatest Bargain Sale is now going on. Ladies' Fast Black Seamless Hose, only 8c per pair. 26 ct

## His Book Didn't Go.

A. L. Robbins, a traveling salesman for a Chillicothe house, has brought suit in the Jackson county courts against the Ohio Southern for \$10,000 damages. Robbins presented an interchangeable mileage book which the conductor refused to recognize and put him off the train between Wellston and Glen Roy.

"Gilhooley's Troubles" to-night.

## STREET TALK.

The petition for the paving of west North street with asphalt is receiving many signatures, but as the petition specifies Trinidad Pitch Lake asphalt to the exclusion of all others a large number of property owners have refused to sign it. They believe there are other kinds of asphalt just as good as the so-called Trinidad Pitch Lake production, and by allowing competition the work could be done with a greater saving than when only one kind of asphalt, which is controlled by one company, is specified.

An interesting discovery has been made by the passenger department of the C. H. V. & T. concerning a combination in the name of the road which for all these years has escaped notice. Mr. A. D. Thomas, of Lima, while passing through the Columbus Union Station saw the title "Columbus, Hocking Valley & Toledo" on the coaches, and recalling that the line was known as the Buckeye Route, picked the word "Buckeye" from the title in the following manner: Colum-BU-s, HO-CK-ing VAL-LEY & TO-L-E-do. He wrote a letter to W. H. Fisher, general passenger agent, telling him of his discovery, and asking if it had ever been noticed before. Mr. Fisher thanked him for his thoughtfulness, and it may be that the idea will be embodied as a sort of an acrostic in this season's advertising. Many officials of the road have been interested in the discovery, and surprised that they had not seen it before.—Columbus Dispatch.

## NATIONAL ENCAMPMENT

U. V. U. to be Held in Lima August 6th, 7th, 8th and 9th, 1895.

At Which Time Thousands of Members of the Patriotic Organization Will be in Our City.

## Circular Letter, No. 1.

In accordance with the order of the last National Encampment of the "Union Veterans' Union," held at Rochester, N. Y., in August, 1894, and in compliance with General Orders, No. 7 Headquarters, National Command, "Union Veterans' Union," Rochester, N. Y., dated February 1st, 1895, the next National Encampment of the order will be held in the city of Lima, Ohio, August 6th, 7th, 8th and 9th, 1895. The encampment will bring a large body of veteran soldiers and their friends to our city, and with them will be many distinguished men of the nation, from the Atlantic to the Pacific Ocean, and from the lakes to the Gulf of Mexico.

Our beautiful city was selected for the encampment of convenience account of its excellent railway facilities, and having been known far and wide as a great oil center and a thriving and hospitable city, we of course, deserve to give our visitors a grand welcome, and one that they will ever remember and cherish.

These thousands of veterans, coming from far and wide, with many of them, bringing their wives, and the National Encampment of the "Union Veterans' Relief Union" will also hold their convention at the same time. Every person attending the encampment expects to pay his or her expenses, and thousands of dollars will be left in our city.

After the daily routine of business of the encampment has been completed, to, come first will be held at different places in the city, at which eminent speakers of national fame will deliver addresses, accompanied by other exercises, and to these gatherings, all ex-soldiers and their families, and the citizens generally will be cordially invited.

We expect that our hotels and boarding houses will be over-taxed to accommodate these visitors to our city, and all private families who can and will a commodious boarders on the occasion will greatly oblige the committee who will be appointed for the purpose of securing accommodations by seeing in the several committees, and about how many they can accommodate, and at what price per day.

We also request and expect our citizens, as has always been the custom wherever we have met, to decorate their business blocks and residences, as this mark of esteem is fully appreciated.

We would also request our city officials, our mayor, common council and all others and the citizens generally to help us in making this a grand success and an honor to our city.

A meeting of the executive committee will be held here soon, and our citizens will be invited to meet with them when several committees of general arrangements will be selected.

For the Saturday matinee prices will be 10 cents to everybody, any part of the house. "Tom Sawyer" will be the bill. Doors open at 1:30, performance at 2:30.

**TREAT'S** Greatest Bargain Sale is now going on. We will give you a pair of our dollar kid gloves with every Spring Cape bought this week, from \$5.00 up. 26 ct

## Family Matinee Saturday.

For the Saturday matinee prices will be 10 cents to everybody, any part of the house. "Tom Sawyer" will be the bill. Doors open at 1:30, performance at 2:30.

## OIL AND GAS.

The eastern oil market closed at \$1.07.

Huckeye Pipe Line runs for March 14th, 45780.17.

Taylor, Brecht & Co. have completed their No. 1 on the Frey farm, Middleton township, Wood county, and have a 10 barrel producer.

Bradshaw, McKendree & Co.'s No. 4, Apple farm, same township, is good for 30 barrels.

James B. Hazlett's No. 10, Apple farm, is good for 30 barrels.

Bloodhart, Emerson & Co.'s No. 3 Damschroder farm, Woodville township, Sandusky county, is reported good for 40 barrels.

The Ohio Oil company's well on the Kaiser farm, Allen township, Darke county, is reported good for 50 barrels. This is a test well and adds quite an extension to the Ohio oil field.

Conley & Co. have completed their No. 1, on the Kaufman farm, Noble township, Auglaize county, and is good for 30 barrels.

Bettman, Watson & Co.'s No. 6, Yocum farm, Union township, Mercer county, is good for 30 barrels.

Graham & Webber's No. 6, Wailam farm, Montgomery township, Wood county, is good for 50 barrels.

The Palmer Oil company's well on the Shepherd heirs' farm, Freedom township, Wood county, is good for 10 barrels.

The Crown Oil company's No. 4, Hill farm, same township, is good for 200 barrels.

The Ohio Oil company has completed No. 4, on the Grubb farm, Liberty township, Hancock county, and it is good for 15 barrels. Same company's No. 2, Roberts farm, Allen township, is good for 20 barrels.

In Anguize county, Lem Neeley has completed his No. 14, on the Perkins farm, Logan township. It is good for 50 barrels.

The A. A. Scott Oil company's No. 10, on the Presser, is doing 30 barrels.

The new Toledo field, says the Blade, is coming along slowly and it will be some time yet until an active drilling campaign starts up. North-

ing has been struck as yet to incite the pushing of the drill to any extent. The Paragon Refining company's No. 8, on the Wabash tract, in section 2, Oregon township, can be termed a 15-barrel producer.

The well completed by Pennell Bros. & Rust, on the Hanley farm, in section 27, Lake township, proved a salt water hole and has been abandoned.

Luckey & Reed's venture, on the Franz farm, in section 5, Troy township, is about a 10-barrel producer.

It seems they are in earnest to open up an oil field in the southeast part of Putnam county. The Cox Oil company commenced to drill on a block of territory near Pandora. Another company, supposed to be the Manhattan, are getting ready to build a derrick near Gliboa inside of 30 days. Parties from the St. Mary's field are getting ready to build a derrick near Ottawa. Other Findlay parties are here looking for territory and will commence as soon as they have leases secured.

Cupp & Co.'s well, on the Poliard farm, Portage township, Wood county, is good for 5 barrels.

Palmer Bros. have completed their No. 4, Moeden farm, same township, and it is good for 10 barrels.

Pool & Co.'s well on the Hampshire farm is showing light.

The Ohio Oil company's No. 5, Stearn farm, is showing light.

Barnum & Hughes have completed No. 17, on the Whitacre farm, Bloom township, and it is good for 25 barrels.

The Ohio Oil company's No. 8, Ackerman farm, Henry township, is showing light. Same company's No. 13, Sayre farm, same township, is a light affair.

Stow & Van Vleck's No. 1, Rees farm, Madison township, Sandusky county, is good for 10 barrels.

W. H. Bruns has completed his No. 19, Damschroder farm, Woodville township, and it is good for 30 barrels.

The Hardly Able Oil company's No. 12, Brochering farm, is good for 30 barrels.

W. H. Bruns has completed his No. 16, Nelman farm, and it is good for 40 barrels.

The Alta Oil company at Marietta got two more big wells in the sand hill field yesterday. They are the Miller Nos. 2 and 3. No. 2 is good for 250 to 300 barrels daily, and No. 3 for 175 to 200. Cameron, Gould & Co., on the Tretchler farm in the tunnel field, got in a well yesterday evening producing about 250 barrels.

"Gilhooley's Troubles" to-night.

**F. E. HARMAN'S**  
SPECIAL SALE.

A Pioneer Gone.

At 8 o'clock this morning at the old Trentman homestead, two miles west of town, Henry Trentman died of lung fever. He had only been ill a week, but the dread malady had fastened its grip on him, and in his advanced age of 84 years he was unable to successfully combat the disease. The funeral will probably take place from St. John's church, Saturday morning.

Henry Trentman, one of a sturdy little band of pioneer Germans, came to this country in 1843 and settled on the land where he has made his home for some thirty years. His wife died some thirty years ago. Of the family three children remain: Ferdinand, Mrs. Henry Weichert and Bernadine, the latter being a patient at the Dayton insane asylum for many years.—Delphos Herald.

The Modern Way  
commends itself to the well-to-do, to do pleasantly and effectively what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches and fevers without unpleasant after effects, use the delightful liquid laxative remedy, Syrup of Figs.

Tharp, in the Collins Block.  
Sells flour and feed at rock bottom prices. Give him a call and be convinced. 27-64

REPRESENTATIVE  
We are authorized to announce the name of WILLIAM BUSLER, of Shawnee township, as a candidate for re-election for Representative from Allen county to the General Assembly, subject to the decision of the majority of Allen county at their primary election.
